Do you have to pay for our service or do we receive any commission?

You don't have to pay us for our service but a funder or broker we work with may pay us for introducing you to them. Different funders/brokers may pay us different amounts but it will typically be based on a fixed percentage of the amount borrowed. This percentage may vary according to different factors, for example: the amount of credit; the age or type of vehicle; the type of finance product; or the funder's assessment of the risk of lending. For your reassurance, we are not able to change the interest rate you pay in order to receive more commission from a particular broker or funder. Although rates and commissions may vary between our finance partners, our aim is always to secure finance from them which is appropriate to your circumstances. **If we are successful in obtaining an offer of finance for you and you would like to know the amount (or likely amount) we would receive if you decided to go ahead with the agreement and how that amount has been calculated, please contact us using the details above.**

How will we use your information?

We will use your information to obtain quotes from funders and brokers to process finance applications through them and we and/or they may also conduct a search of your record held with one or more credit reference agencies. Credit checks may as a result appear on your credit file lodged by organisations with whom you have not dealt directly. The personal information collected will also be shared with fraud prevention agencies who will use it to prevent fraud and money laundering and to verify your identity. If fraud is detected you could be refused certain services, finance or employment.
