

MERCEDES UNIMOG U300 - 4.2 metre LWB - 54,000 miles

£47,500.00 plus VAT

An excellent very low mileage example of the best multi use hard core off roader ever built. It is highly unlikely a nicer one could be found on the market today, it is in superb condition both in, out, top and bottom.

We have just completed a comprehensive test drive lasting over 2 hours and can report that she drives as new.

Supplied with winch, aircon, semi auto 8 speed gearbox.

This UNIMOG has had a very easy life with the search and rescue /British Red Cross. used

Product Details

Category/Type	4x4
Make	MERCEDES UNIMOG
Model	U300 - 4.2 metre LWB - 54,000 miles
Year	2005
Mileage	54,000

This would be a superb expedition/camping vehicle and with the benefit of being 7500kgs, can be driven by most people on a standard car licence.

Accessed by a de-mountable set of steps on the rear door, the box is in superb order and will make a great expedition vehicle.

This also lends itself to the fitting of any style of body to suit your needs, tipper, tree work, pick up etc.
